EQUESTRIAN BUILDINGS & SITES ENGINEERING FOR THE HORSEING WORLD

马 THE ADVANTAGES OF A WOODEN CONSTRUCTION

- A natural material, ideal for horses. Physical, thermal and bacteriological comfort.
- No-upkeep thanks to core treatment.
- Quality constructions at competitive prices.
- Permanent fire stability of the structure.
- Beauty and finish from installation.
- Unmatched resistance to corrosion.
- Savings on foundations.
- Sound-proofing.
- Low thermal conductivity.
- No condensation.
- No electrical phenomena.
